

Brief Constructed Response

Barbie has been given a sheet of vinyl, which measures 15 units by 10 units to create the shape of a geometric figure to represent her math table.

Part A

On the grid, draw a geometric figure that has a perimeter of 26 units and an area of 40 units.

Part B

Use what you know about area and perimeter to explain why your drawing is correct. Use words and/or numbers in your explanation.
